I have a newer (10) Samsung Galaxy Tab 4 with Android 5.1.1. When I tap any NFC tag, it does nothing. If I tap my phone to my phone, it does nothing. If I tap my phone to my Tag (Samsung galaxy s10), I can use the tag to talk to my phone. Why do I need to tap my phone to my Tag first, to get the tag to work? A: NFC tags require a specific PIN to be on them first, before they'll work. Most of them are between 0000 and 9999. Schools to open their doors this fall for families struggling to pay for food Schools to open their doors this fall for families struggling to pay for food NORTHEAST RAPIDS, MICH. — A need to let families struggling to pay for food within the school system is the reason schools across Michigan are opening their doors to help families this fall. “Food pantries have been inundated with families since spring,” said James Neighbors, executive director of Michigan Foodbank. “Usually those are the families with the most severe needs, the oldest, the sickest, the children in danger of not
